

Benefits

Hemp Seed Oil contains omega 3 & omega 6, which are important in preventing heart disease and promoting heart health. People who have used Hemp Seed Oil products have reported that after they begin to use the oil, they have seen smoother, thicker hair, stronger nails and softer skin.

Application & Use

- Soap and oil paints
- Birdseed
- Hemp Seed Oil has a flavour similar to sunflower oil, so it may be blended with other oils to produce a milder flavour.
- Hemp Seed Oil can be ingested safely and used on salads and cold dishes.

Hemp Seed Oil

Cannabis Sativa Seed Oil

Grades: Refined/Unrefined/Organic
Pack Size: 5kg/25kg/190kg

From the 5th century until the late 19th century, ship sails and riggings were made from hemp. In India, hemp was mainly used as a stimulant and a medicine. A drink called bhang, based on hemp, milk, herbs, almonds etc. was widely used in India in religious and other festivals. In Africa hemp was used for dysentery and fevers. Today some tribes in Africa use hemp to treat snake bites.

Background

Origin

Hemp Seed Oil is thought to originate from the Himalayas, where it was cultivated as a fibre and food crop.

Characteristics

Cold pressed, refined Hemp Seed Oil can vary from dark to light green in colour. Refined Hemp Seed Oil is clear and colourless.

Extract method

Hemp seeds are cold pressed to produce the oil.
